Junior Cloud Engineer

Description

PRISM8 is looking for junior cloud engineers, passionate about technology and motivated to become an expert.

Not what you already know, but willing to learn is important for us.

Qualifications

We are looking for the following profile:

- 1-3 years of relevant working experience with Cloud technology/providers like Azure, O365, AWS, ...
- Knowledge of IAAS platforms (Azure VM's, networking, storage, EC2, ...)
- Knowledge of PAAS/SAAS platforms (Azure Container Services, Databases, ...)
- Knowledge of Windows and/or Linux
- Knowledge of SQL/NoSQL databases
- Knowledge of scripting languages (PowerShell, Python, Bash, ...)

Job Benefits

If you possess one or more of the requested topics above, we can offer you an industry standard package, consisting of

- Monthly Salary
- Company Car with Fuel Card
- Hospital Insurance
- Group Insurance
- Meal Vouchers
- Mobile phone/Laptop

On top of that, we offer access to the best training possible, either online, in-person or conferences either domestic or foreign. On a regular basis, knowledge sharing between your colleagues is arranged, within working hours.

Employment Type
