## Junior DevOps Engineer

### Description

PRISM8 is looking for junior devops engineers, passionate about technology and motivated to become an expert.

Not what you already know, but willing to learn is important for us.

### Qualifications

We are looking for the following:

- 1-3 years of relevant working experience with automation tools (PowerShell DSC, Chocolatey, Ansible, Puppet, ...)
- 1-3 years of relevant working experience with CI/CD tools (Microsoft TFS/VSTS, Jenkins, Git, ...)
- Knowledge of Windows and/or Linux server
- Knowledge of scripting (PowerShell, Python, Bash, ...)
- Knowledge of virtualisation technologies (Hyper-V, VMware, ...)
- Knowledge of container platforms (Docker, Kubernetes, OpenShift, ACS, ...)
- Concepts like Microservices architecture
- Knowledge of Cloudtechnologies and concepts

### Job Benefits

If you possess one or more of the requested topics above, we can offer you an industry standard package, consisting of

- Monthly Salary
- Company Car with Fuel Card
- Hospital Insurance
- Group Insurance
- Meal Vouchers
- Mobile phone/Laptop

On top of that, we offer access to the best training possible, either online, in-person or conferences either domestic or foreign. On a regular basis, knowledge sharing between your colleagues is arranged, within working hours.

### Employment Type

Fixed

### Base Salary

€ 2200 - € 3500
