## Medior Cloud Engineer

### Description

PRISM8 is looking for medior cloud engineers, passionate about technology and motivated to become an expert.

Not what you already know, but willing to learn is important for us.

### Qualifications

We are looking for the following profile:

- 3-5 years of relevant working experience with Cloud technology/providers like Azure, O365, AWS, ...
- Good knowledge of IAAS platforms (Azure VM's, networking, storage, EC2, ...)
- Good knowledge of PAAS/SAAS platforms (Azure Container Services, Databases, ...)
- Knowledge of serverless architectures
- Knowledge of Windows and/or Linux
- Knowledge of SQL/NoSQL databases
- Knowledge of scripting languages (PowerShell, Python, Bash, ...)
- Knowledge of orchestration and automation

### Job Benefits

If you possess one or more of the requested topics above, we can offer you an industry standard package, consisting of

- Monthly Salary
- Company Car with Fuel Card
- Hospital Insurance
- Group Insurance
- Meal Vouchers
- Mobile phone/Laptop

On top of that, we offer access to the best training possible, either online, in-person or conferences either domestic or foreign. On a regular basis, knowledge sharing between your colleagues is arranged, within working hours.

### Employment Type

Fixed

### Base Salary

€ 2500 - € 3750
