Medior System Engineer

Description

PRISM8 is looking for medior system engineers, passionate about technology and motivated to become an expert.

Not what you already know, but willing to learn is important for us.

Qualifications

We are looking for the following:

- 3-5 years of relevant working experience in a Microsoft environment
- 3-5 years of experience with operational tasks: installation, backup/restore, maintenance jobs, troubleshooting, security or monitoring
- Good knowledge of virtualisation (Hyper-V, VMware, Citrix, ...)
- Good knowledge of Windows Server 2008-2016
- Knowledge of core components like Active Directory, DNS, DHCP, ADFS, GPO's, ...
- Knowledge of a System Center Suite product is a plus
- Basic knowledge of networking
- Good knowledge of storage
- Good knowledge of PowerShell
- Knowledge about one or more Server products (Exchange, SQL, BizTalk, Dynamics, ...)
- Knowledge about Cloud Platforms (Azure, AWS, Office365)
- Certifications are a plus

Job Benefits

If you possess one or more of the requested topics above, we can offer you an industry standard package, consisting of

- Monthly Salary
- Company Car with Fuel Card
- Hospital Insurance
- Group Insurance
- Meal Vouchers
- Mobile phone/Laptop

On top of that, we offer access to the best training possible, either online, in-person or conferences either domestic or foreign. On a regular basis, knowledge sharing between your colleagues is arranged, within working hours.
